Cuesta College to Host CA Medical Assistants Association's First Conference in SLO

Cuesta College will host the California Medical Assistants Association's (CMAA) annual fall conference next week, as the 54 year old organization makes its first trip to San Luis Obispo.

The CMAA was formed in 1954 and is a leading professional organization for medical assistants in California. The organization's primary focuses are continuing education and certification for medical assistants. The fall conference is expected to draw a crowd of approximately 100 attendees from across the state.

The event will be held in the Student Center Room 5401 from Friday, September 5 through Sunday, September 7. Registration begins at 8 a.m. on Friday and Saturday with educational sessions to follow.

Cuesta College's own medical assisting program collaborates with the CMAA to help guide curriculum and prepare students for the marketplace.
