This class will consist of a combination of assignments that will introduce you to the field of Interior Design and give you an idea of what skills a designer must develop. Assignments include reading from text, quizzes, posting assignments, research, design projects, creating presentations, viewing videos, and critiquing.

To access this class... Please check your Cuesta e.mail for instructions and access our class webpage.

Skills:

You need some experience navigating and using the Internet. Knowing how to download files, attach document files to e-mail, and use of word processing software. The unique experience of an online class is well worth the technical glitches that can occur. Cultivate a willingness to trouble shoot and be willing to seek technical assistance.

I look forward to working with you in class. Bobbi
